- Date of Birth : 14/8/1998
- Marital Status : Single
- Nationality : Egyptian
- Military status : Finished

EDUCATION

- **Graduation project : Sainatary Engineering (grade : Excellent)**
Bachelor of civil engineering (2021) from Faculty of engineering - Sohag university
(grade : Very good)

EXPERIENCE

- - **Middle east company for all engineering works**
Site engineer
Gained a good experience at concrete works and technical office skills
- - **Bioenergy association for Sustainable Development**
Site engineer
Bioenergy is a clean and environmentally friendly energy that the government seeks to support and strengthen as an alternative to chemical fertilizers, and so it was a good opportunity for gaining experience at that field.
- - **Consulting Center of the College of Engineering - Sohag university**
site engineer
Projects of "Hayah Karima" are one of the results of the government's endeavor to achieve development in Upper Egypt, and it was a great opportunity for me to gain experience at concrete works.
- - **Vision for Decoration and Architectural finishes**
Site engineer
This opportunity was a good choice as i worked in **the field of decoration and architectural finishes** which add to my experience.
- - **Alwatani group for all engineering services**
Quality control engineer
Full technical supervision on all quality control tests.
