BEHANCE ACCOUNT :

## PROFILE:

A passionate architect with a focus on creating spaces that can increase human well-being.

I believe architecture is about problem solving and structural thinking, rather than just a good eye-catching outlook.

I believe that spaces have remarkable marks in our perception of the world and architects have a power to make it better.

## GRADUATION PROJECT :

**HERITAGE HANDICRAFT RIVIVAL CENTER (IN WADY EL NATRON)**

**Grade :** Excellent

The project aim to provide a place to teach handicrafts for all ages, providing job opportunities for distinguished graduates, and displaying products for sale in stores.

In addition to the fact that the project can attract tourists to the region to see the handicrafts products and the process to make them .
