

# NERMEEN MORSY

## SUMMARY

Civil engineer with 5 years of experience in many projects. My distinguished skills are my ability to communicate with participants in effective projects, which improves the work team's ability to do so. I have a high enthusiasm for work, combining my theoretical scientific expertise in various fields of work, and I am one of the hardworking people. I work on professional quality, work in a team spirit, propose regulations, and maintain complete confidentiality.
