## Summary

A fresh graduate from the College of Engineering and Technology, Civil Engineering Department, with a strong academic background in designing and implementing construction and infrastructure projects. I have skills in time management and working within multidisciplinary teams, and I am distinguished by my ability to solve problems and think analytically. I am looking for an opportunity to develop my engineering skills and contribute to innovative projects in the field of civil engineering.

---

## Training Experience

- Training at Al Sahab Contracting Company.
- College training for Structural design.

---

## Education

### Bachelor of Engineering and Technology

*Tanta University*

**Department:** Civil Eng

**Date of Graduation:** 2023      **GPA:** 2.4

---

## Certifications

- Advanced Course in structural design with distinction

---

## Skills

### Language Skills

**Arabic:** Native speaker

**English:** Very Good

### Computer Skills

- Microsoft Windows.
- Microsoft Office.

### Personal Skills

- Understanding of civil engineering fundamentals including design, construction and design
- Proficiency in engineering design software such as AutoCAD, Revit, SAP2000 and ETABS.
- Ability to plan projects and manage time and resources effectively
- Strong communication skills to interact with different teams, clients and contractors
- Ability to analyze engineering problems and provide effective solutions
- Ability to work within a team and collaborate with other engineers and professional
- Knowledge of local and international laws and regulations related to construction and safety
- Desire to update knowledge and skills to keep up with developments in the field of civil engineering.
