SUMMARY

I graduated with a grade of "Very Good" with high honors from the Surveying and Mapping Program at the Faculty of Arts, Tanta University, and took courses to develop myself and my technical skills from the best universities on educational platforms. I started my graduate studies with the first step, which is a pre-master's degree. I worked in the field of construction and infrastructure, and I look forward to gaining practical experience to develop my skills and link what I learned in the academic side to the practical side.

EDUCATION

- **PRE-MASTER'S DEGREE, DEPARTMENT OF GEOGRAPHY**
Tanta University faculty of Arts
2023 - 2024
